FOREWORD

The Constitution of India has granted the fundamental right of liberty to its people and said right can not be curtailed or interfered with except by rule of law. No one can be punished without giving him an opportunity in accordance with rule of law and in this direction; procedure to conduct prosecution has been provided under the Criminal Procedure Code in order to achieve the aims and objects of law. Regular cadre of Prosecution Agency has been established in the State of Himachal Pradesh in the year 1974 on coming into force of the amended Criminal Procedure Code, 1973. Role of this agency is to assist the Administration of Justice and Criminal Justice System.

The laws, rules and procedures are, in the nature of things, general, and it is difficult to make law, provision for all conceivable eventualities. Fluidity of norms and lack of precision makes the lot of even the most diligent and conscientious public servant difficult. The public servant must be flexible so as to be effective. However, flexibility turns out to be a double edged weapon and has often served to evade accountability. Strict adherence to the letter of the law on the other hand invites understandable criticism of rigidity, unresponsiveness, or at the very least, of too impersonal an approach.

In these circumstances, limits and safeguards have to be provided enabling service delivery with sufficient creativity but without too much scope for misjudgments, doubts and suspicion. What is required perhaps is the framing of procedures with a far greater attention to detail, seeing that laws and rules are often also interpreted and implemented by public servants, who may not be attuned to the policy imperatives underlying the procedures.

Of course, the accountability of the supervisory and senior levels of the administration is the guarantor of the limits and safeguards. The mere prescription of procedures, however, does not mean that they will be followed. It is their proper enforcement and it is the ability of the system to change, modify or add to the procedures to keep up with the passage of time that will ensure flexibility within reasonable limits and safeguards.

In this context, the job of the Public Prosecutor is not always an enviable one. Presenting the results of investigation with all its complexities requires skill and some flair. To be able to convince the court requires not only that the investigation should have been fair, but also that the presentation should be compelling, and that the test of 'guilt beyond reasonable doubt' should be met in the process. Though it is not an easy test to pass, failure to do so is often followed by doubts and suspicions.

The prescription of procedures and the setting down of accountability and its enforcement has to address this central issue and put in such checks and balances that minimize the scope for doubts regarding the diligence and fairness of the Prosecutor. In order to improve the working of the prosecution and to make them more accountable in the day-to-day working this Department has circulated the Prosecution Manual.

It is expected that in case the similar effort is made by the Police to bring out Investigation manual will complete the process of imparting transparency into the system and restore and reinforce the confidence of the public in the essential fairness of the system of administration of criminal justice in this State.

Government of Himachal Pradesh**

PREFACE

As a result of recent initiatives taken by the Supreme Court of India and Government of India, attention is at last being paid to the system of administration of criminal justice which has to a large extent got subordinated to the development imperatives inherent in a democratic set-up. It is now being realized that proper administration of Criminal Justice is a key ingredient in ensuring that the fruits of democracy reaches to all citizens. As a result, there has been a paradigm shift in planning and budgeting priorities; expenditures on the system of Administration of Justice are no longer seen as being at the cost of development; instead it is being seen as a worthwhile investment to ensure optimum utilization of funds earmarked for development.

It is, however, also a fact that this paradigm shift has so far focused mainly on the Courts and the Policing system, rather ignoring the role of the Prosecutor as an intermediary. The Prosecutor, on the one hand is tasked with presenting fairly and comprehensively the results of the police and investigative effort, and on the other hand, as an officer of the Court, is responsible to help prevent miscarriage of justice. Despite its crucial role in the system, so far the prosecution system is yet to get adequate attention in modernizing itself. Partly it is a result of lack of awareness, but mainly it is because the element of 'soft skill' or knowledge based inputs is very high and planning and budgeting in such matters is difficult unless there are adequate guidelines and monitoring mechanisms to ensure that financial investments are yielding the desired returns. This Manual is intended to fill this gap, in the expectation that planners will be able to adequately fund this sub-sector of the system of Administration of Justice with adequate confidence.

Recently, the Department has brought out its Prosecution Manual, which is coinciding with major legislative reforms in criminal justice. The Criminal Procedure Code (Amendment) Act, 2005 has brought about several changes, including a statutory Directorate of Prosecution and the Criminal Procedure Code (Amendment) Bill, 2006 promises more major reforms, based mainly on the Malimath Committee on reforms of the criminal justice system.

The Department is attending the various meetings with the Police Department, Law Department, and Forensic Science and taking the number of valuable comments and suggestions of all other departments into account for the improvement of the working of the Prosecution Department. The participation of the Police Department is particularly significant in the context of ongoing policing reforms and the recent enactment of the HP Police Act, 2007. The legislation, which is largely based on Govt. of India's Model Act, professionalizes investigation. The improvement in the standard of investigation and coordination between the police and prosecution will improve the rate of success in the trial courts and will provide substantial justice to the poor victims and downtrodden people.

All suggestions for improvement are most welcome and may be addressed either to Director of Prosecution or Principal Secretary (Home), Govt. of Himachal Pradesh. All out efforts will be made in due course to implement the valuable suggestions.

(H.S. Rana)
Director of Prosecution
Himachal Pradesh

Chapter I

THE PARTICULARS OF ITS ORGANIZATION, FUNCTIONS AND DUTIES:

1. Historical Background:

Before the enactment of Criminal Procedure Code, 1974, Prosecution Agency of the State was part of Police organization in Himachal Pradesh. At that time prosecution in the State was being conducted by Police Prosecutors who were posted as Prosecuting Sub Inspector/ Prosecuting Inspectors/ Prosecuting Deputy Superintendent of Police. They were conducting prosecution in cases of the State. The Police Prosecutors were under the administrative control of the Superintendent of Police at District Level but over-all control rested with the Inspector General of Police of the State.

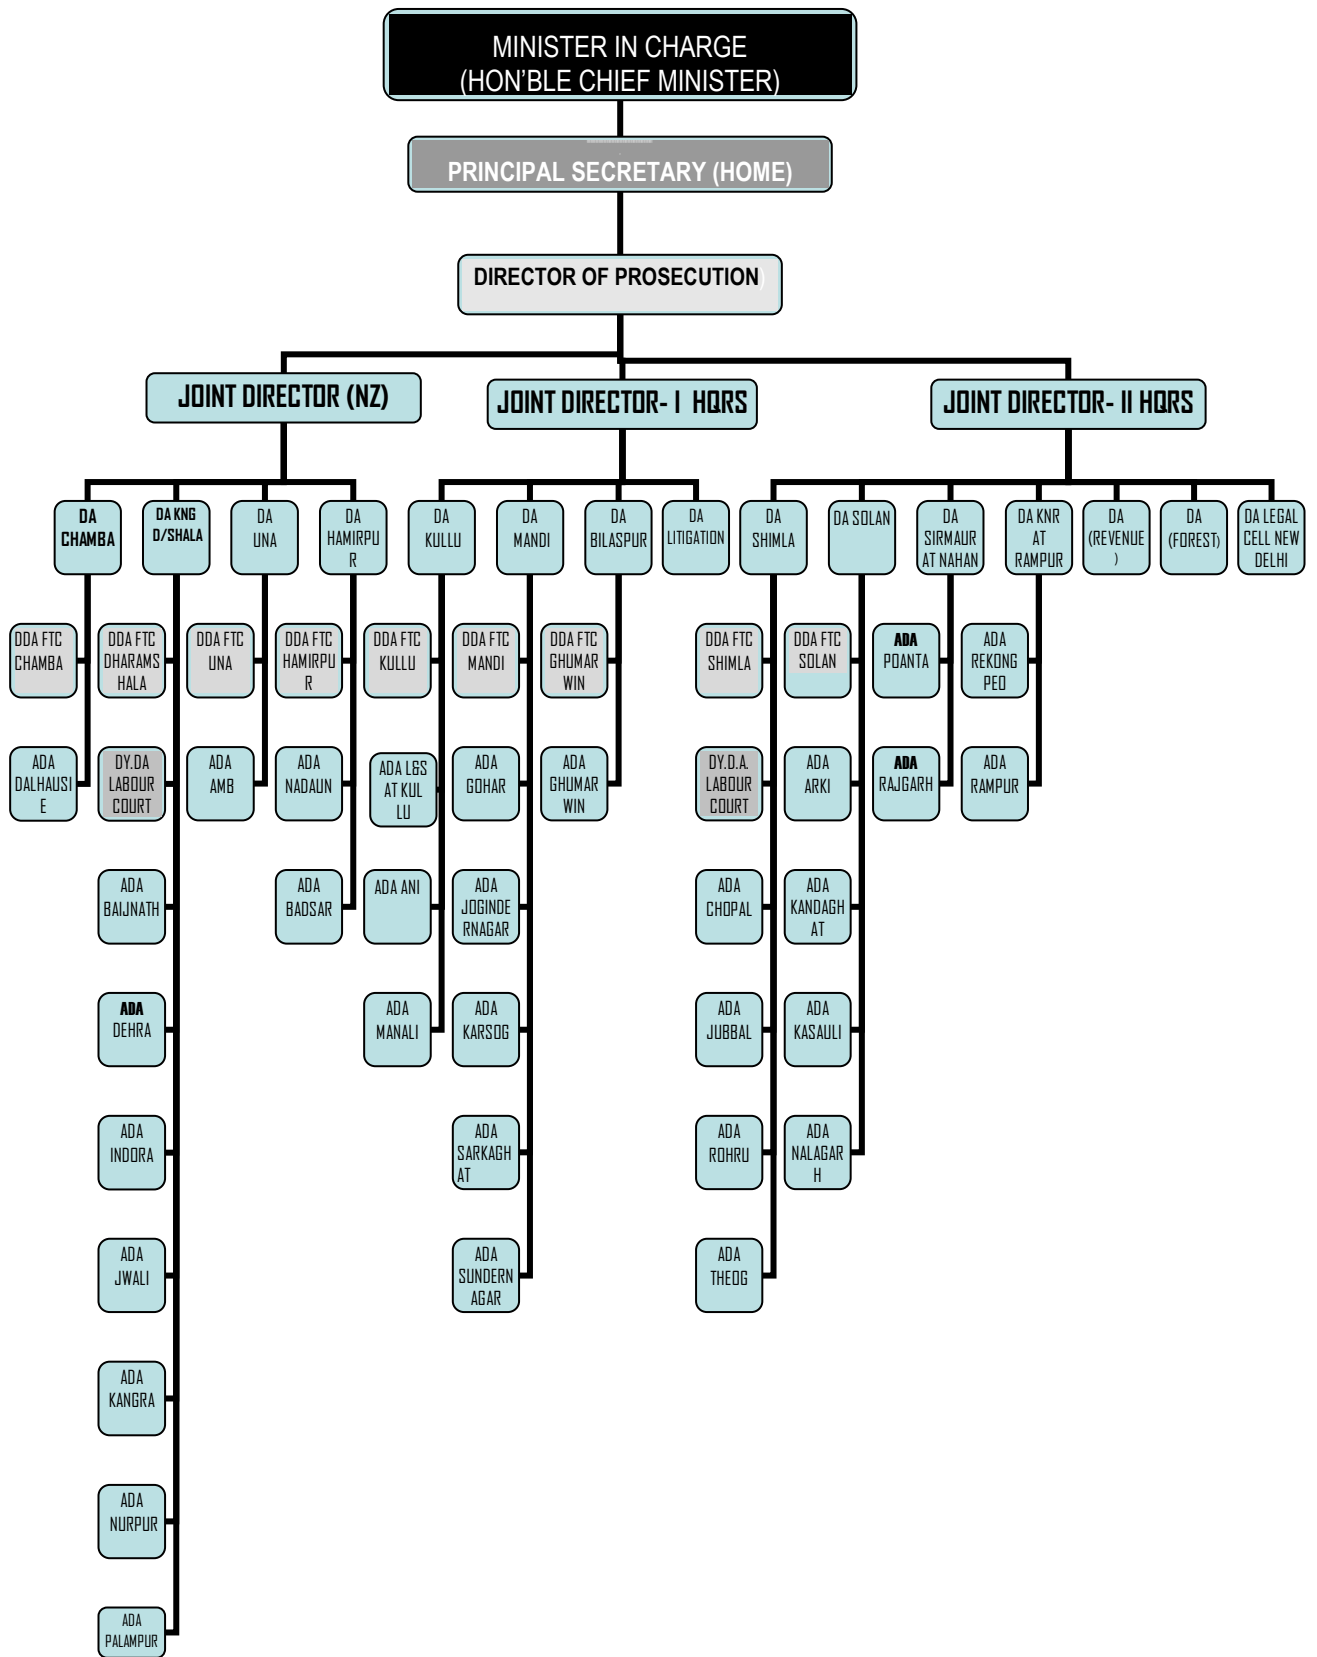

After coming into force the new Criminal Procedure Code, 1973, the provisions for the appointment of Assistant Public Prosecutors and Public Prosecutors were made under Section 24 & 25 of Cr.P.C., 1973. Regular cadre of Prosecutors came into existence in the year, 1974 as the earlier cadre of Police Prosecutors was abolished keeping in view of the provisions contained U/s 25(2) Cr.P.C., wherein it is provided that no Police Officer shall be eligible to be appointed as Assistant Public Prosecutor. The intention of the legislation while separating the Prosecution Department from the Police Department clearly indicates that the Prosecution Department of the State shall function independently without any undue pressure or favour from any corner including the Police Department.

Directorate of Prosecution :

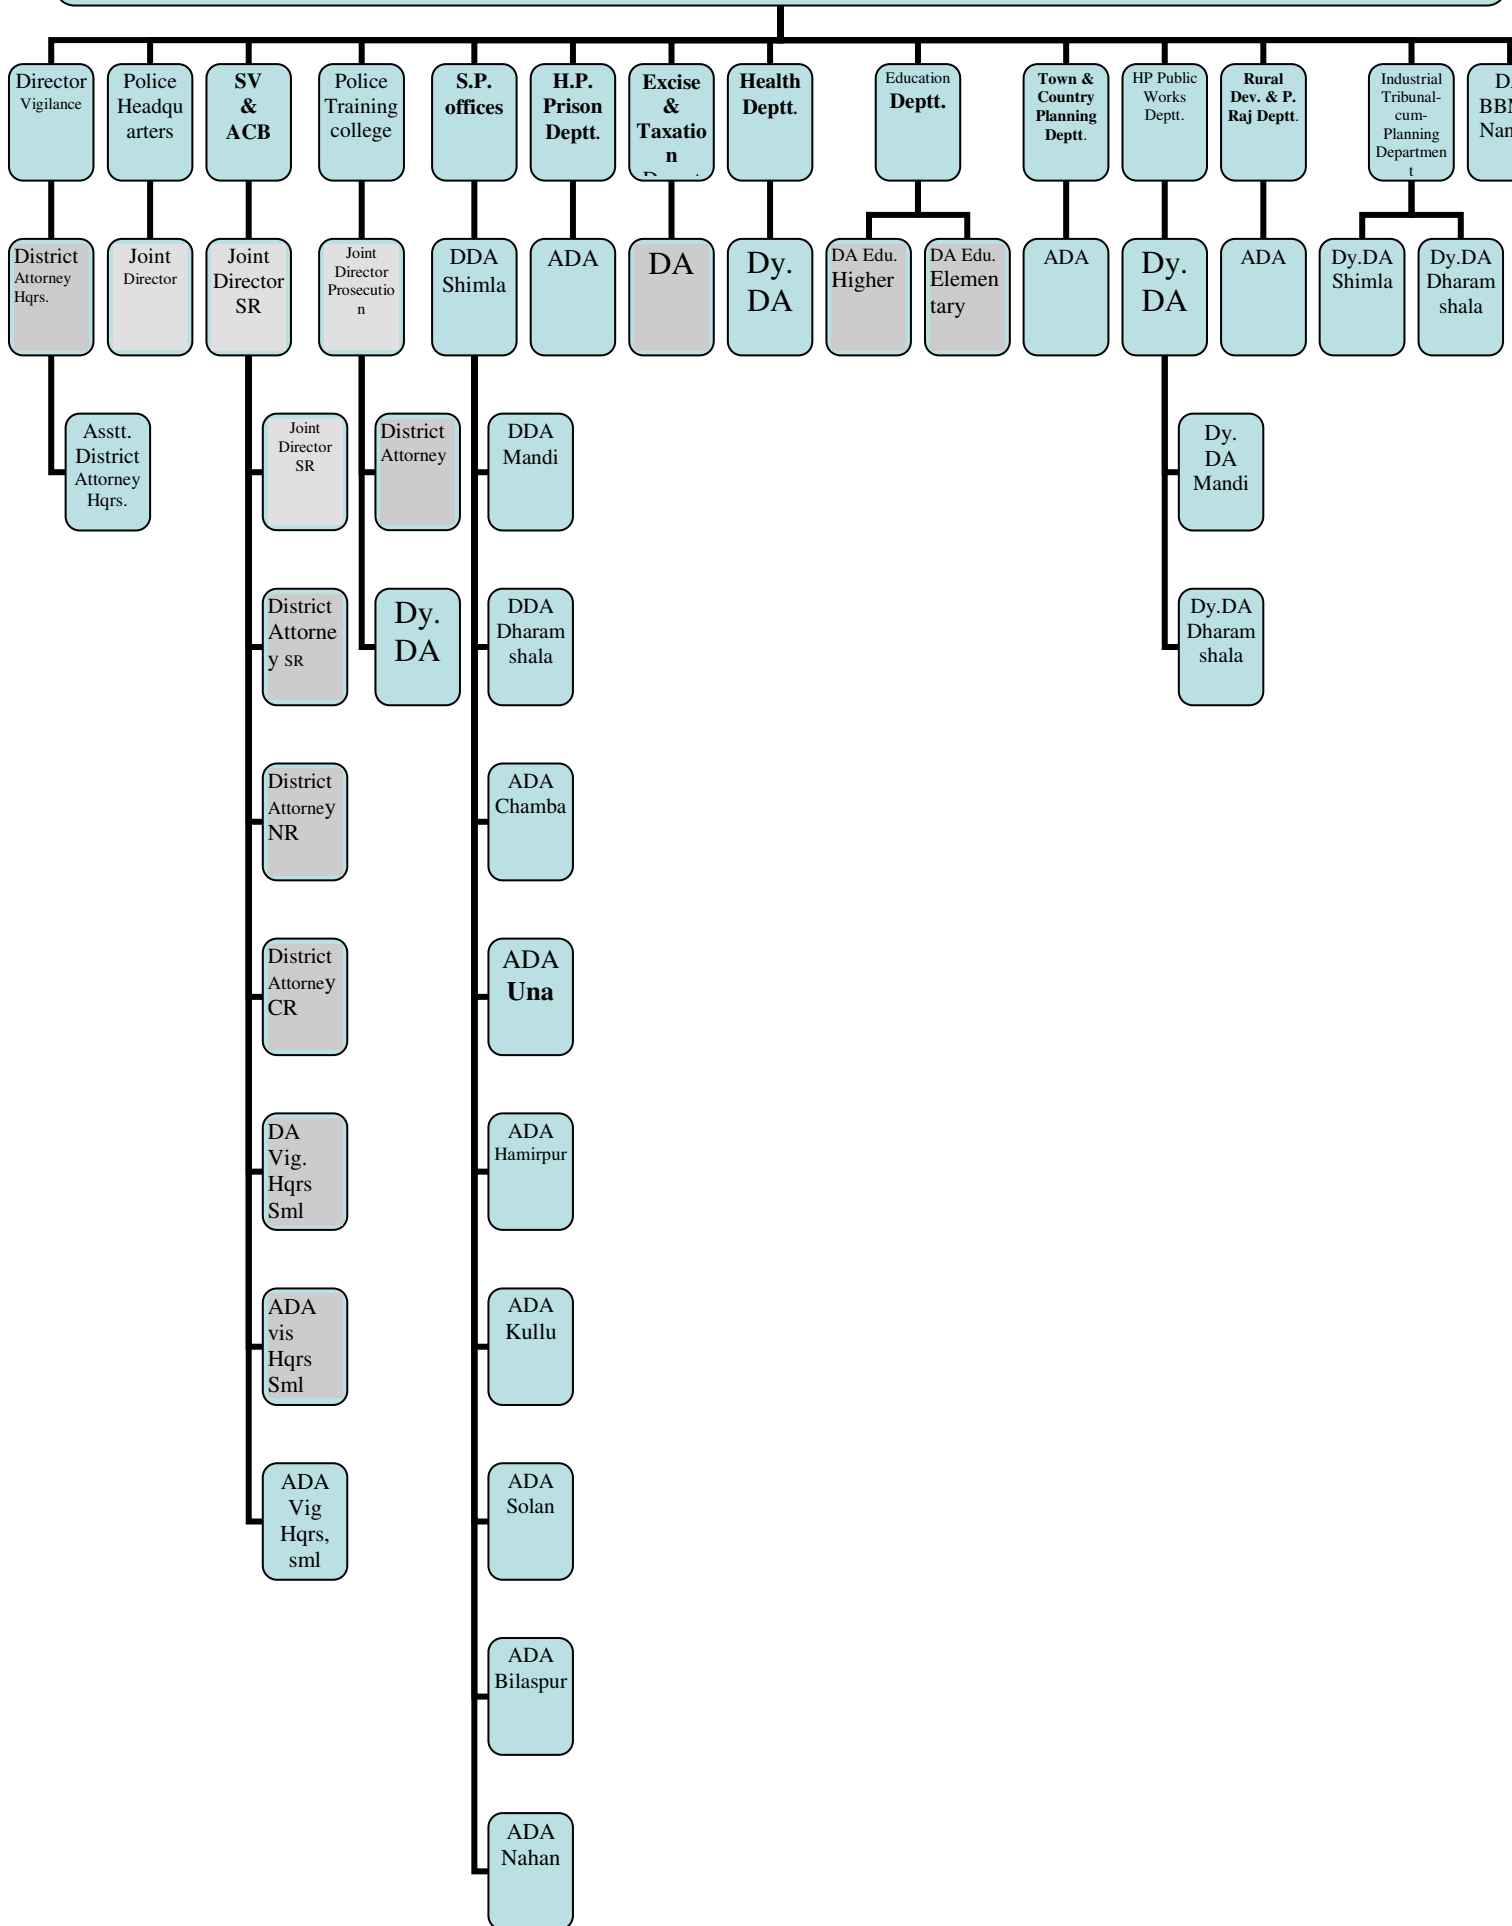

As the Directorate of Prosecution came into existence in the year 1974 and the charge of the post of Director of Prosecution was initially given to Secretary (Law)-cum-Legal Remembrancer, who used to supervise the working of Prosecution Department and was also having the Administrative control through out the State. The Administrative control was transferred from Law Department to the Home Department in the year, 1996 and the post of the Director of Prosecution was manned by I.A.S. officers and thereafter for the first time, Director of Prosecution was appointed from the cadre of Prosecution Department in the year 1999. Presently Director of Prosecution has been appointed by the State Govt. from the cadre of Prosecution Department with the concurrence of Hon'ble Chief Justice of Himachal Pradesh High Court from amongst the Joint Directors of the Prosecution Department. The above appointment was made in consonance with the provisions of Section 25-A of Code of Criminal Procedure.

At present, the Directorate of Prosecution has the cadre strength of 169 Prosecutors which consists of 1 post of Director of Prosecution, 3 posts of Joint Directors, 15 posts of District Attorneys, 33 posts of Deputy District Attorneys and 88 posts of Assistant District Attorneys. Apart from it, there are 4 Joint Directors, 9 District Attorneys, 11 Deputy District Attorneys and 5 Assistant District Attorneys working in other Departments. 6. CONFIDENTIAL REPORTS:

The confidential reports for the year **2007-08** of Class III employees of this department have been completed.

7. USE OF HINDI

Almost all the work of this department except legal work is being done in Hindi. However, some legal work was also done in **Hindi**.

8. BUDGET

The detail of the amount, which is received from the Government on different sub Heads for the year **2008-09** under demand No. 3 and 31 is attached as Annexure **A-5** for perusal. Under this department, except Directorate other 39 offices are included under demand No. 3 and 31 offices fall under the demand No. 31.

During the year 2007-08 under the sub head Office Expenses less amount was allotted and the amount allotted was not sufficient to cope up with the pending bills of this Directorate. It is, therefore necessary that sufficient funds be provided under the above mentioned sub head for the smooth functioning of this Directorate.

9. DIFFICULTIES:

This department is not having sufficient ministerial staff to cope up with the day to day work. At the Head quarter level only one Sr. Asstt. 2 Clerks, one Junior Scale Stenographer, 2 peons are posted with the Distt. Attorneys, whereas at Dharamshala, Chamba, Hamirpur, Una, Bilaspur, Solan, Nahan, Shimla, Kullu and Mandi, the number of Law Officers are more than 5 and 6 and require more supporting staff. Thus the Law Officers are facing great hardship and work of the department is also suffering. The private advocates always have sufficient staff to assist them, but as compared to the private advocates, the law officers of this department have no sufficient manpower to assist them. In this department one post of Junior Scale Stenographer had been sanctioned for each district head quarter level. However, at the sub divisional level, there is no post of stenographer and as such the work of this department is also suffering at sub divisional level in the absence of Stenos. The post of Steno is very much essential for the smooth and effective functioning of the offices at the sub divisional level.

It is, therefore, necessary that for the proper functioning of the work of this department, one post of clerk with each law officer at District Level and one post of Steno at each Sub Divisional level should be sanctioned.

At the District HQ level the District Attorney is the office-in-charge. He looks after the work of establishment/financial matters etc. In addition to legal works and mostly remains busy in the courts. Hence, the post of Superintendent Grade II is very essential for the smooth working of office of District Attorneys at the District Level. At the District level, law officers have been attached with the judicial courts and they remained busy in the judicial work for whole day and as such the cases before the Revenue courts/Executive Magistrate are not attended to. It is essential that in each district HQ and sub divisional level additional post of Asstt. District Attorney is created so that work may not suffer. This department has taken steps for the creation of above posts in the past, many times with the Government and is still under consideration with the Govt.

In addition to this, it is pointed out that presently law officers/officials at the District level/sub divisional level have not been provided suitable official/residential accommodation. This matter also requires urgent attention.

10. ACHIEVEMENTS OF THE DEPARTMENT

(i) This Department has provided computers at Distt. Hqrs. and Sub Divisional Level which will help in monitoring of court cases and will increase the efficiency of Law Officers as the computers has become most indispensable accessory in the modern office working.

(ii) Special Achievement:-

9	Residential accommodation of D.A. & staff at Chamba.	4,00,000.00	
	Total:-	56,00,000.00	

11. PROSPECTIVE PLAN OF THE DEPARTMENT.

The Department has provided Law Officers in the office of Superintendent of Police to tender legal advice at the stage of investigation which will improve the quality of investigation and increase the rate of conviction in criminal cases.

In order to protect the state interest in revenue cases pending before the revenue courts, the Department has also sent a proposal to the Govt. to provide Law Officers exclusively for these courts which will facilitate the early disposal of revenue cases and the property of the state worth crores of rupees will be protected. Efforts are afoot to increase the rate of conviction by applying latest technology i.e. Forensic science etc., in the prosecution of criminal cases.

12. INSPECTION:

Periodic inspections of the offices of District Prosecution agency and sub divisional level prosecution agency are carried out by the Director of Prosecution & Joint Director of Prosecution. The heads of the District Prosecution Agency have been instructed to inspect the office of Prosecution agencies in the Sub Division level within their jurisdiction.

13. RIGHT TO INFORMATION ACT.

During the year **2008-09**, **15** applications under the Right to Information Act have been received in the department, and were disposed off well in time.

14. CONVICTION RATE

a. IN TRIAL COURTS:

Conviction rate in criminal cases conducted before different Trial Courts in H.P. w.e.f. 1.4.2008 to 31.3.2009 figured at **35%**. For the corresponding period during last preceding year it was at **24 %**. Therefore, there is marked improvement in conviction rate and further steps are being taken to enhance the same by issuing directions to the prosecutors of this Directorate to increase their performance and efficiency accordingly.

b. IN APPELLATE COURTS

In criminal appeals/revisions preferred/instituted by the State of H.P. before the different appellate Courts of Ld. Sessions Judge/Additional Sessions Judge/Fast Track Courts respectively against the judgment of acquittals/orders passed by the Judicial Magistrates, the success rate of acceptance of appeal/revision in favour of State of H.P., comes to **53 %** which is quite encouraging and shows the effective performance by the Prosecution agency.

15. GENERAL

On the whole, the work of the prosecution agency in the State during the year **2008-09** has been found satisfactory. Efforts are being made to streamline the functioning of the Prosecution Department with a view to achieve a higher level of conviction rate so that HP becomes number one State in the field.
