PREFACE

National Employment Service Manual (NESM) is a manual of instructions, procedures to be followed by all the functionaries of National Employment Service(NES) in India. Day to day administration and over-all control of Employment Exchanges though lies with the respective State /UT Government, yet uniform policy and procedures are prepared at national level by Directorate General of Employment (DGE), Ministry of Labour & Employment in consultation with States/UTs /Employment Exchanges. Such policies, procedures and instructions are provided in the NESM.

The NESM was last revised about 17 years ago i.e. during 2005-06. In the last 17 years, instructions contained on employment exchange procedural matters are revised from time to time based on discussions held with States/UTs/ Employment Exchanges in various meetings. Apart from this, many other developments have also taken place after revision of the last NESM in 2006. One such important development was implementation of National Career Service (NCS) Project as one of the mission mode projects under the umbrella of E-Governance Plan, since 2015. It works towards bridging the gap between demand & supply of employment related services such as career counseling, vocational guidance, skills, jobs, self-employment, etc. by use of technology.

The NESM-2022 also encompasses information about employment generation & employment enhancement activities of the government, online Procedure of NCS Portal and new Employment Exchange Module developed for submission of employment statistics by employment exchanges to DGE for preparation of reports at national level. I am confident that this new version of NESM will help Employment Officers and other officers associated with the working of Employment Exchanges/Career Centres in the country to discharge their duties in an efficient manner.

I appreciate the efforts of the team of officers of Directorate General of Employment (DGE) who strived hard in revision of NESM and making it more expedient for the users.

I am thankful to all the officers of the States/UTs who took pains in providing valuable suggestions & inputs for the revision/updation work of NESM.

(Dr. Shashank Goel)

Job Fair Information (Detailed View)

10.6 Add Pre and Post Job Fair Details

The Job Fair Details section of the Job Fair Information screen enables you to enter relevant facts pertaining to the job fair both before (pre job fair details) and after (post job fair details) the fair has taken place. As soon as you create a new job fair, the Pre Job Fair Details sub section becomes enabled for information entry. Meanwhile the fields in the Post Job Fair Details sub section remain uneditable up until the job fair is over (after that particular job fair has gone past its end date and time).

Note: The Pre Job Fair Details sub section is available for information entry for jobs either having the default **Proposed** status or the **Launched** status. The Pre Job Fair Details sub section becomes uneditable once the job fair begins (as per defined job fair start date and time).

10.6.1 Pre Job Fair Details

Particulars of the job fair you create can be entered in the Pre Job Fair Details sub section of the Job Fair Information screen. This particular section has certain mandatory fields where appropriate details need to be added: **Email Address**, **Organising Entities**, and **Name of participating employers** (If more than 5 names of participating employers are added here only then those names will display in the job fair details pop-up for the candidate when they click the corresponding job fair.).

Although the **About the event** field is a mandatory field, it is automatically populated with the value “Job Fair”. Other mandatory fields in this particular section include: **Number of Expected Vacancies**, **Number of Expected Jobseekers**, and **Number of Expected Employers**. Enter the expected numbers in each of these three fields.

The **Any other remarks/comments**, is the only non-mandatory field of the Pre Job Fair Details section. Use this field to enter any remarks or comments about the job fair you are creating.

Pre Job Fair Details

Note: The system sends an email notification to the job fair owner, two days before that particular job fair’s start date informing them about the forthcoming start of the said job fair.

10.6.2 Post Job Fair Details

You are only allowed to enter details in the Post Job Fair Details sub section of the Job Fair Information screen within the next 10 days after the end date of a job fair. After this period,

fields in this section become uneditable. However, two fields: “No. of candidates given provisional offer letter” and “Number of candidates finally selected” remain editable up until 30 days from the job fair end date.

Post Job Fair Details

Note: The system sends three email notifications: an email on the 7th day (informing the job fair owner to enter post job fair details), an email on the 10th (to the DGE Admin) and another email on the 30th day (to the DGE Admin) after the end date of the said job fair. The last two notifications (the ones send to the DGE Admin) contain a summary of the data present in the Post Job Fair Details sub section.

The following table lists relationship between various fields of the Post Job Fair Details sub section and has to be taken care while inputting data.

Field 1	Field 2	Relationship

10.7 Complete a Job Fair

Only a job fair that is launched (having the **Launched** status) on the NCS portal and has reached its end or closing date (and time) can attain the **Completed** status. This is an automatic process that is taken care of by the CRM application itself and requires no manual intervention.

Note: A job fair that is cancelled or has the Proposed status can not attain the **Completed** status.

10.8 Cancel a Job Fair

You can cancel a job fair that you have created. This can be using the Job Fair Information screen. However, the cancellation procedure differs depending on the current status of the job fair you are about to cancel.

10.8.1 Cancel a Proposed Job Fair

To cancel a job fair having the **Proposed** status:

1. Select the **Cancel** option from the Status drop-down list.
2. Click the **Save** button.

10.8.2 Cancel a Launched Job Fair

To cancel a job fair having the **Launched** status:

1. Select the **Launched** option from the Status drop-down list.
2. Click the **Save** button.

The said job fair is withdrawn from the NCS portal.

Note: Remember a job fair with the **Launched** status can be cancelled only if that particular job fair has not yet reached its registration start date (and time). Beyond that, you will not be able to cancel a job fair that is launched on the NCS portal from the CRM application.

Note: A job fair having the Launched status that has gone beyond its registration start date (and time) can be cancelled only if you raise a ticket to the DGE call Centre for the same.

Note: Once a job fair is cancelled, an email notification about the cancellation is sent to all the stakeholders (job seekers and employers) participating in that particular job fair.

6. Pre and Post Job Expiry Notifications

The NCS portal triggers an email (pre-expiry notification) that is send to you on a specific day before the expiry of a published job. The portal also sends you an email message (post-expiry notification) after the same job has expired.

Note: These (pre and post job expiry) notifications are only applicable to job types such as portal jobs, jobs posted in a job fair, and portal jobs associated with a job fair. Also, jobs that have the Published or Expired status trigger these notifications.

Note: The portal does not push these notifications for the following job types: jobs that are posted on the portal through APIs and future jobs. Also, job posts that have the Draft or Closed status do not trigger these notifications.

6.1 Job Expiry Notification Triggers

You may receive the post-expiry job notification from the portal but you might not always receive the pre-expiry job notification. This happens because the pre-expiry notification email is subject to relationship between two parameters namely, the day when the job is published (the day when the job post starts accepting applications from candidates) on the portal and day when it expired (the day when the job post stops accepting applications from candidates).

These are situations when you would receive the pre-expiry job notification:

- 7 days before the expiry date of a published job
- 3 days before the expiry date of a published job (when the expiry date of a published job falls between the 4th day and 7th day [both days included], from the day the job was published on the portal)

Note: The pre-expiry job notification will not be send if the expiry date of a job is set within 3 days of its publishing on the portal.

You will receive the post-expiry job notification only 3 days (3 to 7 days in actual) after the expiry date of a job. This is irrespective of the duration the job was active on the portal and accepting applications.

6.2 Notification Destination

The job expiry notifications are sent to the Primary Member email id of the organisation.

Note: These notifications are not sent to organisation email id that is mentioned in the profile.

6.3 Expired Jobs Alert

An alert displays on your home page next to the dashboard indicating presence of expired jobs. You can click the link and go to the list of expired jobs.

5. Pre and Post Job Expiry Notifications

The NCS portal triggers an email (pre-expiry notification) that is sent to you on a specific day before the expiry of a published job. The portal also sends you an email message (post-expiry notification) after the same job has expired.

Note: These (pre and post job expiry) notifications are only applicable to job types such as portal jobs, jobs posted in a job fair, and portal jobs associated with a job fair. Also, jobs that have the Published or Expired status trigger these notifications. These notifications are applicable only on jobs for which the organisation is seeking applications from jobseekers on the NCS portal (rather than on any other Government portal).

Note: The portal does not push these notifications for the following job types: jobs that are posted on the portal through APIs and future jobs. Also, job posts that have the Draft or Closed status do not trigger these notifications.

5.1 Job Expiry Notification Triggers

You may receive the post-expiry job notification from the portal but you might not always receive the pre-expiry job notification. This happens because the pre-expiry notification email is subject to relationship between two parameters namely, the day when the job is published (the day when the job post starts accepting applications from candidates) on the portal and day when it expired (the day when the job post stops accepting applications from candidates).

These are situations when you would receive the pre-expiry job notification:

- 7 days before the expiry date of a published job
- 3 days before the expiry date of a published job (when the expiry date of a published job falls between the 4th day and 7th day [both days included], from the day the job was published on the portal)

Note: The pre-expiry job notification will not be send if the expiry date of a job is set within 3 days of its publishing on the portal.

You will receive the post-expiry job notification only 3 days (3 to 7 days in actual) after the expiry date of a job. This is irrespective of the duration the job was active on the portal and accepting applications.

5.2 Notification Destination

The job expiry notifications are sent to the Primary Member email id of the organisation.

Note: These notifications are not sent to organisation email id that is mentioned in the profile.

5.3 Expired Jobs Alert

An alert displays on your home page next to the dashboard indicating presence of expired jobs. You can click the link and go to the list of expired jobs.

 - the reason for failure of Organisation PAN verification could be an incorrect: Organisation PAN, Organisation Name, or Organisation’s Year of Incorporation)

6. Pre and Post Job Expiry Notifications

The NCS portal triggers an email (pre-expiry notification) that is send to you on a specific day before the expiry of a published job. The portal also sends you an email message (post-expiry notification) after the same job has expired.

Note: These (pre and post job expiry) notifications are only applicable to job types such as portal jobs, jobs posted in a job fair, and portal jobs associated with a job fair. Also, jobs that have the Published or Expired status trigger these notifications.

Note: The portal does not push these notifications for the following job types: jobs that are posted on the portal through APIs and future jobs. Also, job posts that have the Draft or Closed status do not trigger these notifications.

6.1 Job Expiry Notification Triggers

You may receive the post-expiry job notification from the portal but you might not always receive the pre-expiry job notification. This happens because the pre-expiry notification email is subject to relationship between two parameters namely, the day when the job is published (the day when the job post starts accepting applications from candidates) on the portal and day when it expired (the day when the job post stops accepting applications from candidates).

These are situations when you would receive the pre-expiry job notification:

- 7 days before the expiry date of a published job
- 3 days before the expiry date of a published job (when the expiry date of a published job falls between the 4th day and 7th day [both days included], from the day the job was published on the portal)

Note: The pre-expiry job notification will not be send if the expiry date of a job is set within 3 days of its publishing on the portal.

You will receive the post-expiry job notification only 3 days (3 to 7 days in actual) after the expiry date of a job. This is irrespective of the duration the job was active on the portal and accepting applications.

6.2 Notification Destination

The job expiry notifications are sent to the Primary Member email id of the organisation.

Note: These notifications are not sent to organisation email id that is mentioned in the profile.

6.3 Expired Jobs Alert

An alert displays on your home page next to the dashboard indicating presence of expired jobs. You can click the link and go to the list of expired jobs.

1.Introduction

The Directorate General of Employment and Training (now Directorate General of Employment) and the Ministry of Labour and Employment (MoLE) have implementing the National Career Services (NCS) portal which aims to provide a variety of employment related services to individuals as well as organisations. The Government has increased its attention on career counselling as a key activity to aspiring youth of the nation so that they can pursue the right career path and join the workforce with better employment related skills.

In the NCS portal a skill provider user profile refers to any organisation that imparts employment related skills to jobseekers and candidates.

The skill provider module covers the following functionality:

- Access the Application
- Skill Provider Registration
- Log into the NCS Portal
- View/Edit Skill Provider profile
- Manage Courses
- Requested courses
- Feedback on Local Services
- User Management
- Grievances/Feedback
- Cases
- Announcements
- Change Password
- Organisation Preferences
- Reports
- Documents
- RTI
- NCS Policy Documents
- Key Performance indicator
- Annual reports
- Government Jobs

2. Getting Started

2.1 Access the Application

To access the NCS portal, type the following website address or Uniform Resource Locator (URL) in the address bar of your Internet browser: <http://www.ncs.gov.in/>. The Home page of the NCS portal displays.

NCS Portal Home Page

2.2 Signup/Registration

As a skill provider, you need to register yourself on the NCS portal before you can avail the facilities provided by the portal. The **New User? Sign Up** button on the Login section of the portal's Home page allows you to initiate the registration process. As per the registration

process you get to create a password and generate a User Name for all your future logins. Your login credentials also enable you to make use of other functionalities of the NCS portal.

The screenshot shows the 'Login' section of a web portal. It features a dark blue header with the word 'Login' in white. Below the header, there are two input fields: 'User Name' with a person icon and 'Password' with a lock icon. To the left of the 'Sign In' button, there are links for 'Forgot Password', 'Forgot Username', and 'Reactivate Account'. Below these links is the text 'NCS Users Login Here'. The 'Sign In' button is dark blue with white text. Below it is an orange button with black text that says 'New User? Sign Up'. At the bottom, there is a section titled 'Registration Help - Videos' with a dropdown menu showing '--Select--' and a 'View' button.

Login Section

1. Click the **New User? Sign Up** button from the **Login** section. The **Register As** screen displays.

The screenshot shows the 'Register As' screen. It has a blue header with the text 'Register As'. Below the header, there is a label 'Register As*' followed by a dropdown menu showing '--Select--' with a downward arrow icon. Below the dropdown menu is a horizontal line.

Register As Screen

2. Select the Skill Provider option from the **Register As** drop-down list. This displays the **Registration** screen for a skill provider user.

5. Select the organisation type from the drop-down list. User can select Organization Type as “Private”, “Autonomous”, or “Government”.

Organization Type Drop-down

6. Select the **Is Proprietary?** check-box if the **Organisation Type** is either “Private” or “Autonomous”, is required. This will allow the user to register themselves as a Proprietary Owner. If the **Organization Type** is selected as “Government”, user needs to enter their TAN number as **Identity Info** and then get DGE approval for activation. If a skill provider is a user with **Organization Type** as “Government”, having a Government email ID (for e.g. domains with nic.in or gov.in), then they do not have to get DGE approval. In such a situation the user will be verified through an email OTP that is sent to their Government email ID.

Registration Page: Contact Details Section

Note: In a registration, where the **Is Proprietary?** check-box is checked, the **Organisation PAN** (Permanent Account Number) and **Year of Incorporation** fields are removed from **Identity Information** section of the screen and replaced with **Proprietor’s PAN**, **Proprietor’s Name**, and **Proprietor’s DOB** (Date of Birth) fields. Once, verification is successful then you can access all the tabs displayed on the left navigation panel.

PAN Verification Pending Notification

If your Organisation PAN or the Personal PAN verification fails then the portal displays a message mentioning the reason for failure and sets the PAN Verification status as “Failed”.

The PAN verification can fail due to the following reasons:

- For a proprietorship user registration (where the **Organisation Type** is “Private Sector” or “Autonomous” and the **Is Proprietary?** check-box is checked):
 - the reason for failure of Personal PAN verification could be an incorrect: Proprietor’s PAN, Proprietor’s Name, or Proprietor’s Date of Birth (DOB)
- For other than proprietorship user registration (where the **Organisation Type** is “Private Sector” or “Autonomous” and the **Is Proprietary?** check-box is left unchecked):
 - the reason for failure of Organisation PAN verification could be an incorrect: Organisation PAN, Organisation Name, or Organisation’s Year of Incorporation)

However, if the Organisation PAN or the Personal PAN verification fails, you can update or edit the required details and then again wait for verification to be successful with the newly updated details.

After this verification is successful, all the features on the left navigational panel become available for use.

1. Overview

A counsellor is a trained professional who can help people to resolve problems in a positive way by helping them to clarify issues and concerns, explore options, develop strategies, and increase self-awareness. As a counsellor, you can make use of the National Career Service (NCS) portal to provide counselling services to jobseekers and other portal users. The portal will also be equipped to provide psychometric and other similar tests which can help jobseekers to identify their area of interest and strength. The results of the test will be uploaded alongside the profile of the jobseeker. This will also enable counsellors like you, to do a skill gap analysis of your clients. In this manner counsellors will be able to assist jobseekers by providing appropriate career guidance depending upon the jobseeker's specific needs and requirement.

To facilitate counselling and to make information available to portal users, that is, jobseekers, counsellors, and training institutes, career guidance related content is made available progressively for the National Classification of Occupations on the NCS portal itself. Such information will enable these stakeholders to do a job-skill mapping and use this information as per their requirement directly or indirectly. For example if you need counselling information for a client who is seeking a job as a plant operator, you can easily access this content and provide details of the type of skills required for that job to your client.

The NCS portal aims to develop a network of counsellors facilitating students and candidates to make informed choices about available career options and employment opportunities. Counsellors will utilise various methods such as skills assessment, aptitude testing, training analysis, group counselling, direct counselling etc., and deliver these services from the premises selected by them including offices, clinics, employment exchanges, career centres, job-fairs, etc.

The counsellor module covers the following functionality:

- Signup/Registration
- Access the Application
- Log into the NCS Portal
- View/Update Counsellor Profile
- My Services
- My Schedule
- Leave Plan
- View Appointment
- View Pending Approvals
- Search Jobs
- Jobs Applied
