Subject: -

**Regarding stoppage of illegal construction near streams / Nalas, etc. in
the State of Himachal Pradesh**

Sir,

I am directed to refer to the subject cited above and to say that during the recent monsoon season, severe rains produced massive landslides and flash floods in many parts of the state, which led to the destruction of roads, land, buildings, and other infrastructures, and also loss to human and cattle. It has been observed that large number of buildings have been constructed on government and on private land near to the banks of the rivers, rivulets, small streams and during the flash floods, landslides, such infrastructure, are more vulnerable and are affected the most. Now, in future to save such devastations, illegal construction near to such water channels needs to be curbed.

You are, therefore, requested to get such situations analysed and inquired into carefully and take necessary steps to discourage such constructions near to river banks, rivulets and streams etc. in future.

These instructions may be complied and adhered to strictly by all concerned.

Yours faithfully,

(Balwan Chand)

Joint Secretary (Revenue) to the
