# P R E F A C E

“ An investment on health is investment on man and improving the quality of life” To achieve this objective Govt. of Himachal Pradesh is opening/up-grading a good number of Health Institutions every year. While opening the new Health Institutions efforts have been made to provide health facilities as such places where no facility was available or not available upto the desired level of the people.

The Government of Himachal Pradesh is providing preventive, promotive, curative and rehabilitative services through a net-work of Zonal Hospitals, Regional Hospitals, Civil Hospital, Community Health Centres, Primary Health Centres, ESI Dispensaries and Sub-Centres at the door steps of the people in the Rural, Urban, Backward and Tribal areas. This issue contains comprehensive and detailed information relating to Medical Institutions in the State. All-out efforts have been made to highlight the medical facilities of each District of the State in detailed manner with Rural/Urban break-up. I do feel that this publication will be helpful to the peripheral level staff, health administrators and planners in their day-to-day activities.

I, express my sincere gratitude and appreciation to the Statistical Cell for untiring efforts put in by them in bringing out the Directory of Health Institutions as on 31.3.2017. I gratefully acknowledge the co-operation of Chief Medical Officers to making the requisite information available.

**Any suggestion to improve the publication will be appreciated.**

DIRECTOR OF HEALTH SERVICES,  
HIMACHAL PRADESH.
