

# Hybrid BLO Mobile App

# Why Mobile App

## Before

- Before this App, BLO has to go on field visit with their BLO Register and Electoral Roll as a bunch of papers, in which all the information has to be done.
- They had to visit ERO office regularly for collecting their assigned work as Summary Revision Checklist.

## After

- BLO App offered a time saving, simple and convenient solution for all the Booth Level Officers.
- By using the App they will get their assigned work in their phone regularly. There will be no need to visit ERO office regularly at all.
- BLO Mobile App is hybrid- it works in offline mode in no connectivity area.

## Before

- Then after completing their field work/Verification process, they had to submit the hard copy of the collected forms to Data Entry Operator (DEO).
- DEO further digitize all the form and finally submit to the Server.
- While DEO submitting data to server, there is a huge possibility of data entry error, which finally may occur as logical error.

## After

- By capturing information in the field and entering data before the applicant himself, data entry errors would be avoided ensuring Error free ER Entries.
- Direct submission of data to the server will reduce the data entry error to the big extent.
- Hence chances of getting logical errors will be very less.

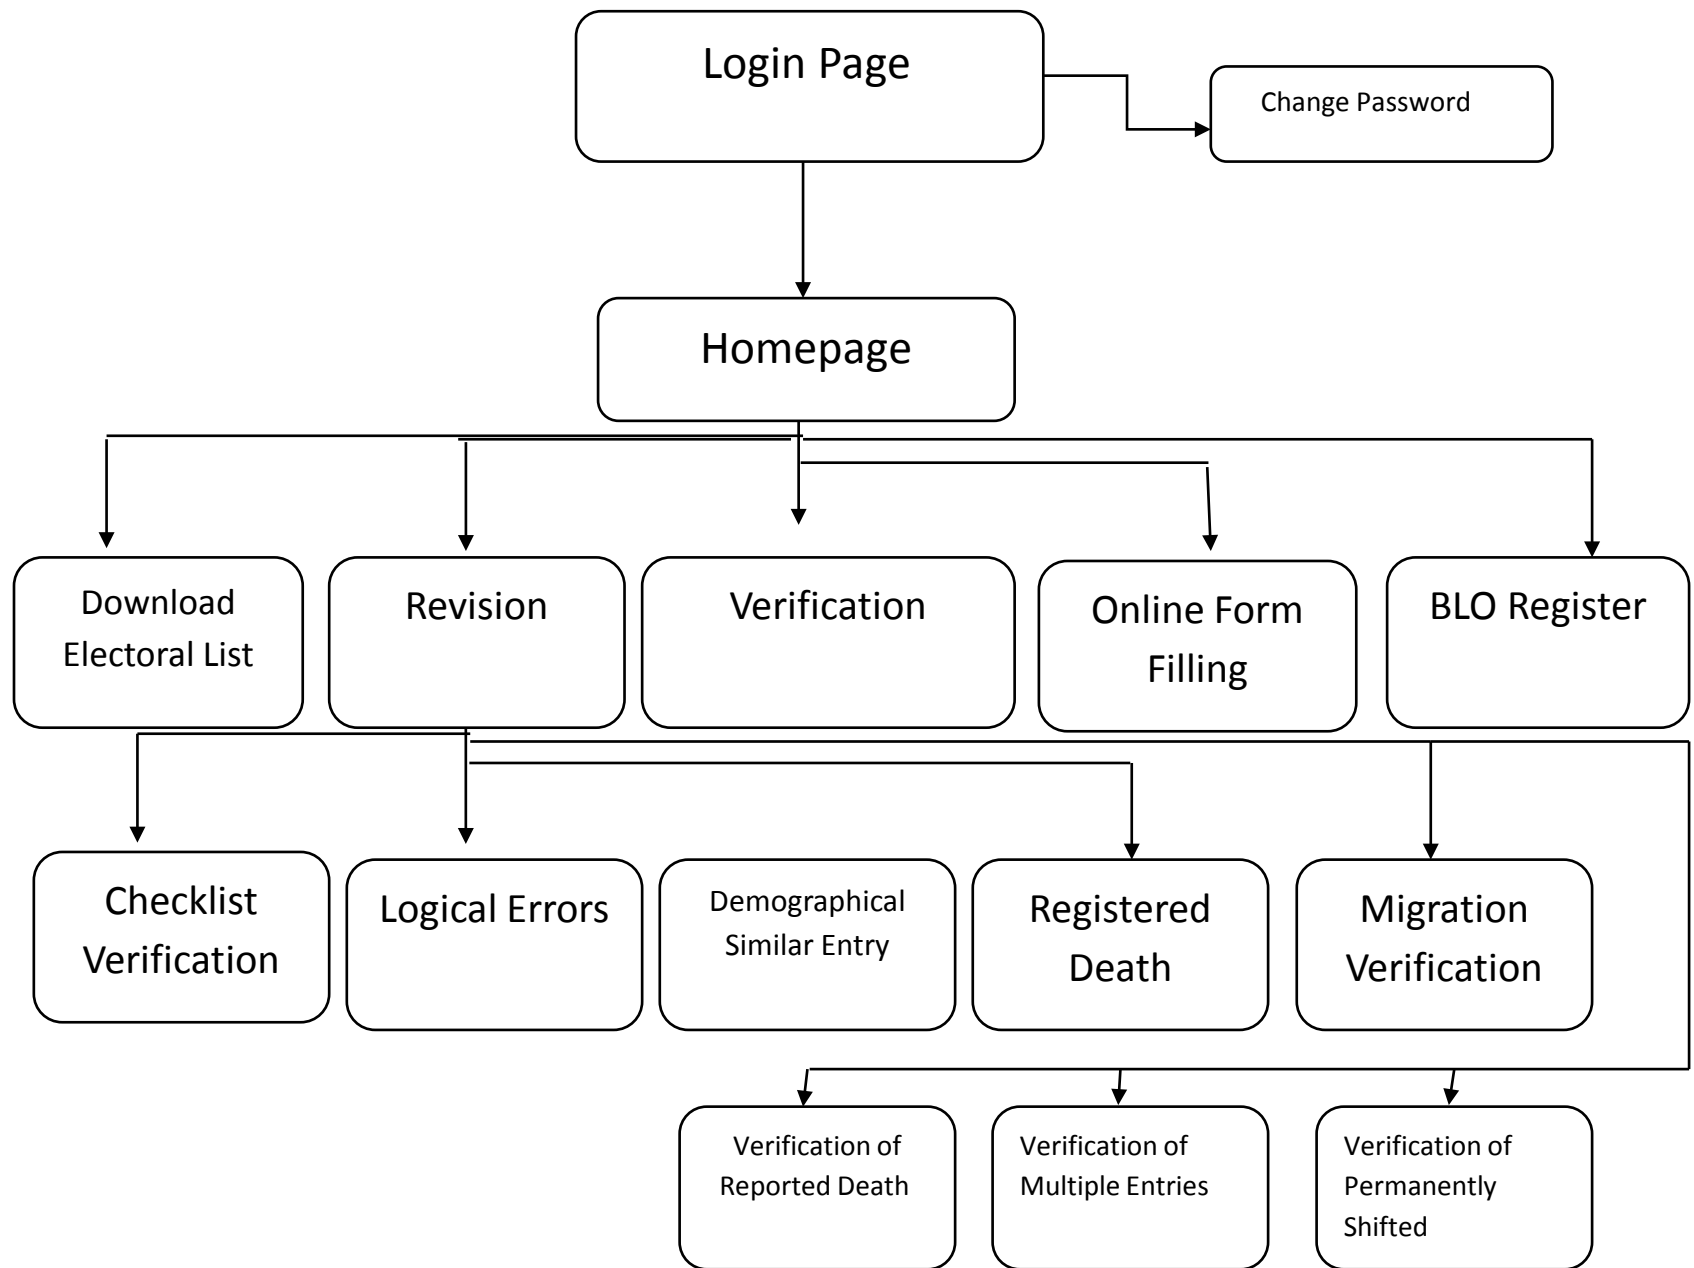

## Before

- After submitting the Hardcopy form to DEO, BLO were not aware that his field work is actually replicated to the electoral roll or not.
- For any new notice or alert regarding work, will only be available after going to ERO office.

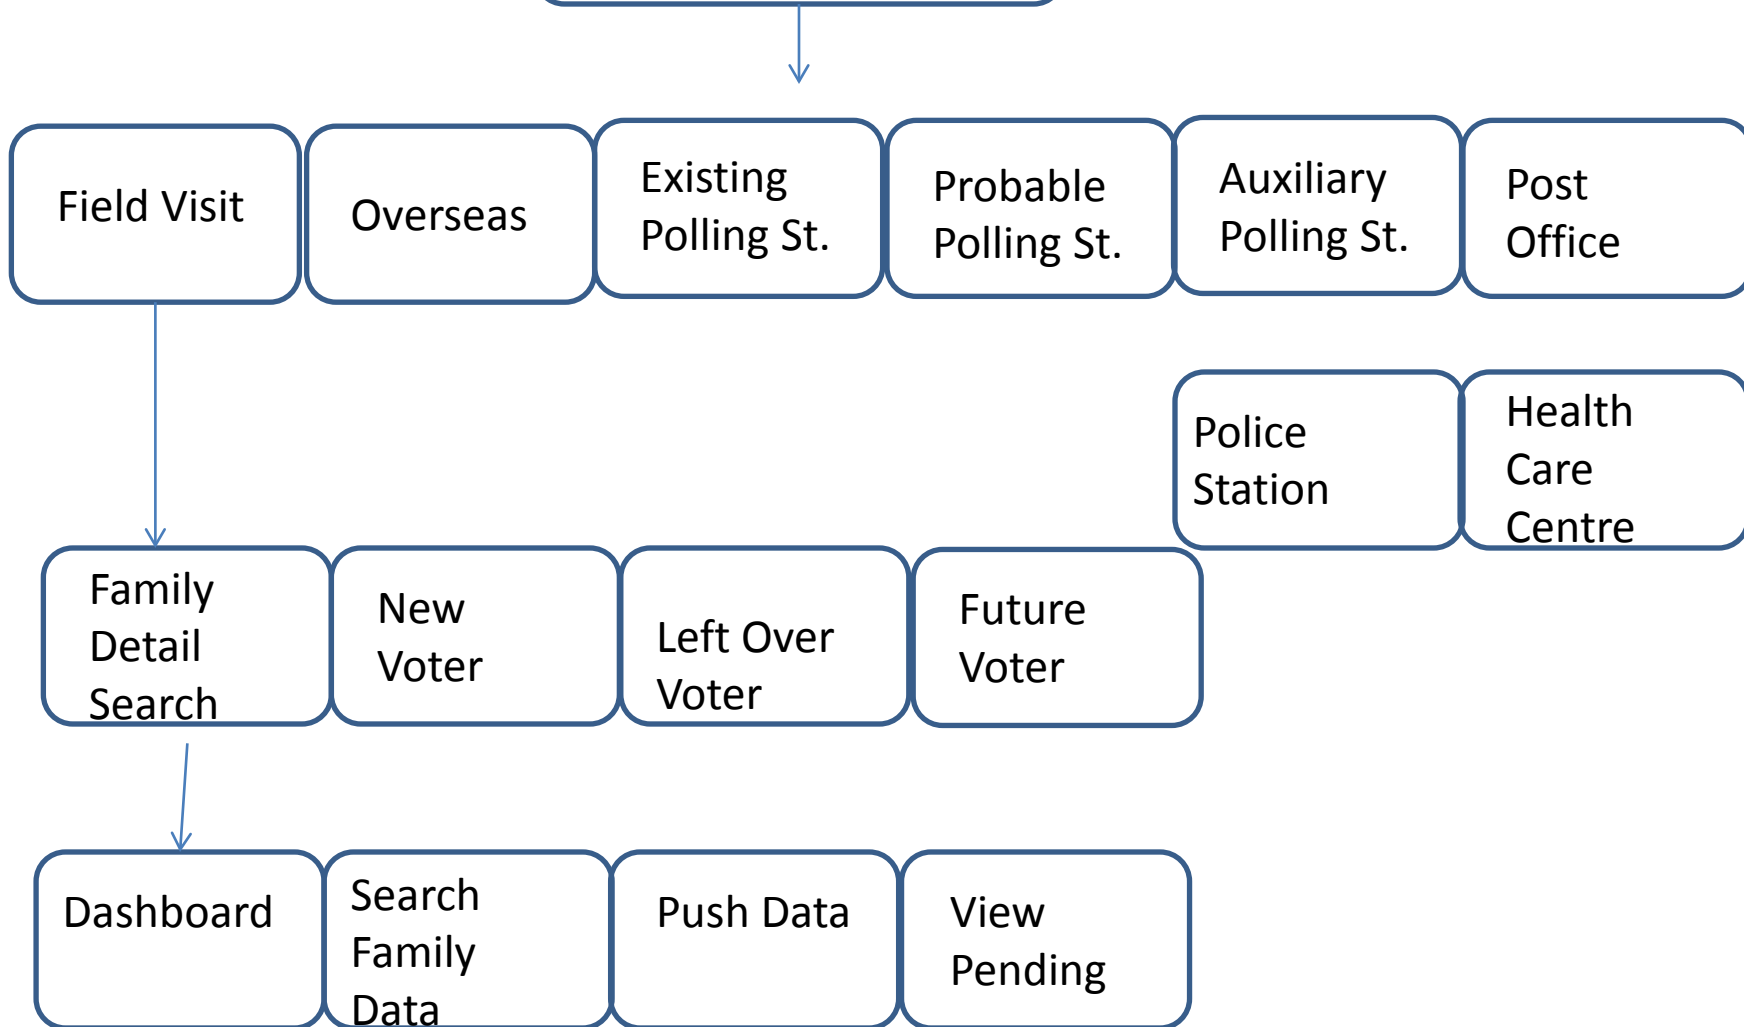

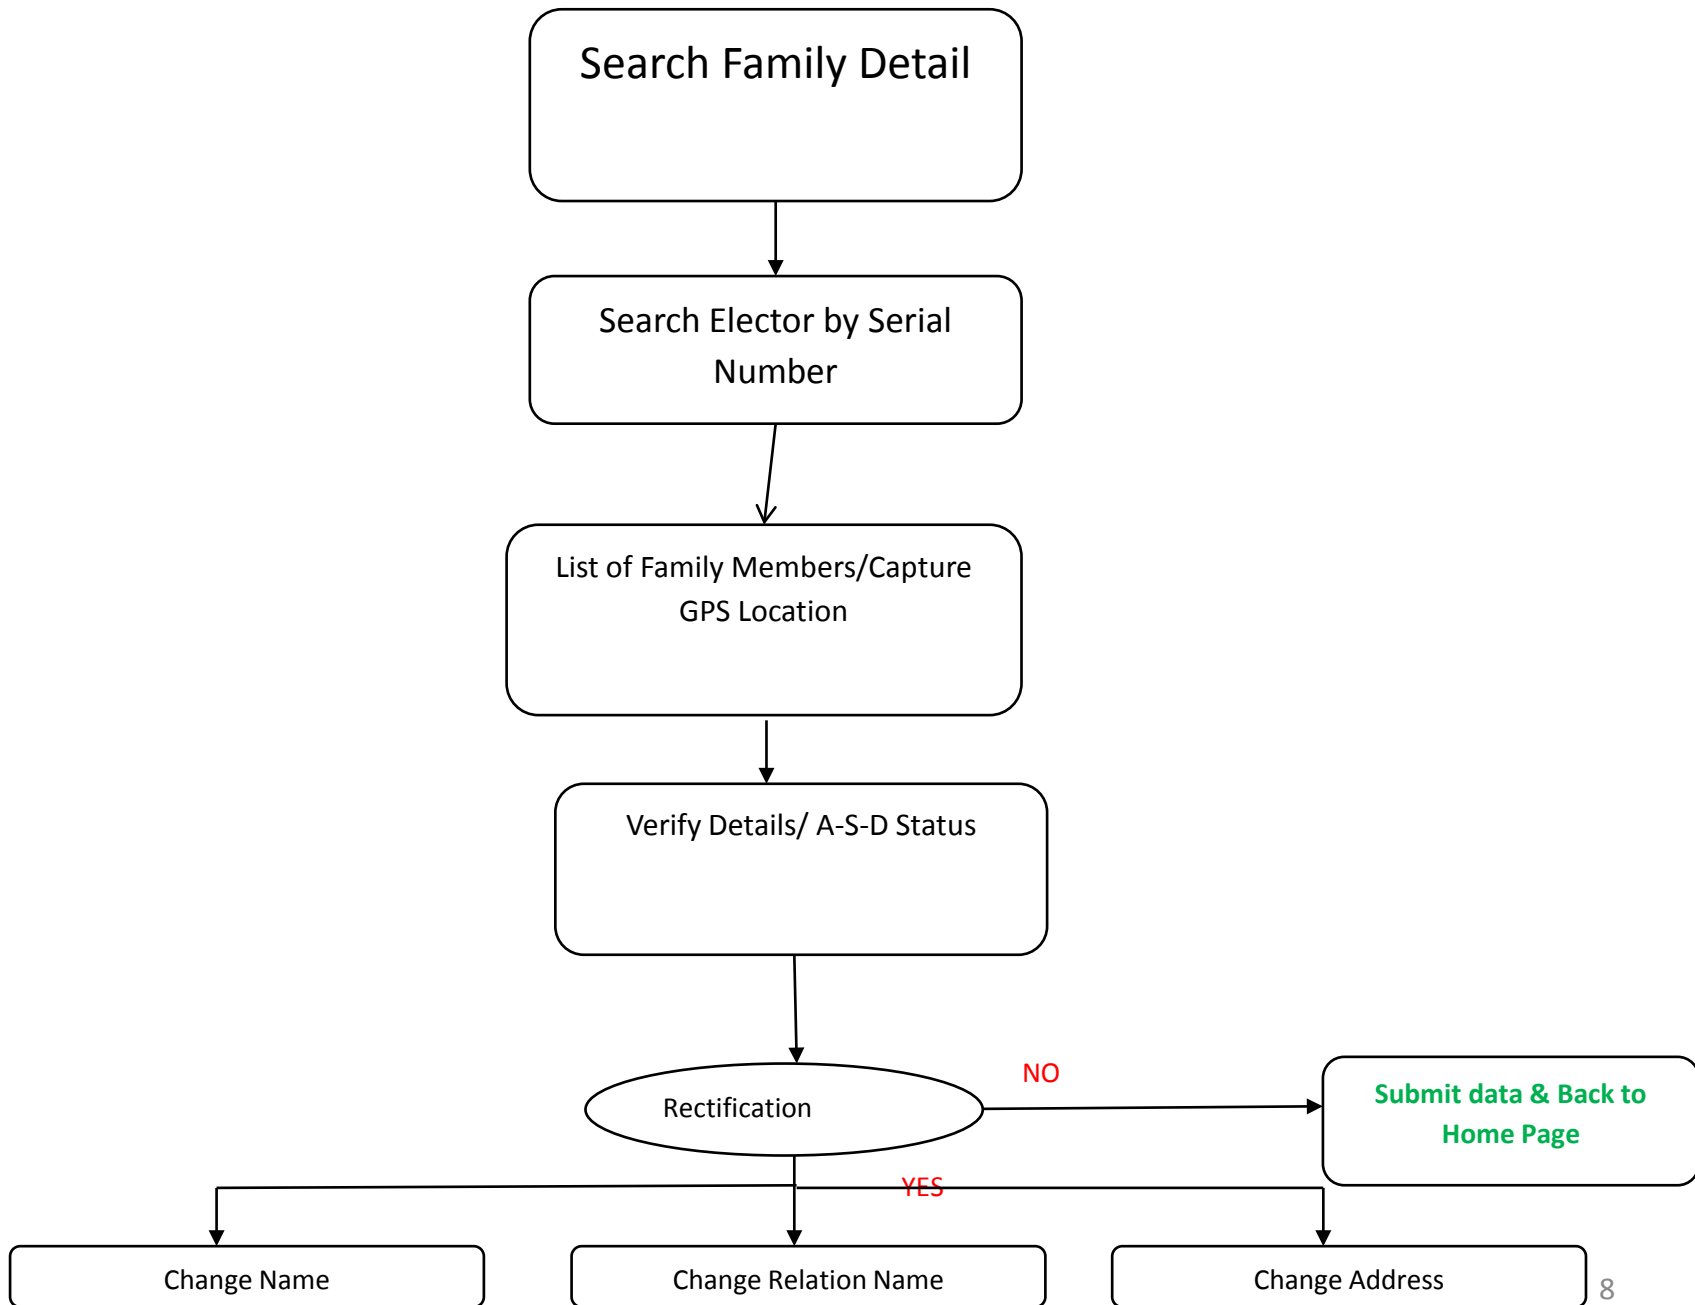

## After

- They can keep track of their Statements with the information they have submitted to server.
- They can keep track of their Statements with the information they have submitted to server.
- All the Notification and Alerts related to their work will be received in App. Keeping record of there is also a part of the App.
- Provision of rationalization and capturing GPS Location is given in the App to make the process smooth.

# Verification

# Activities Covered Under BLO Mobile App

- **Local access to Electoral roll has been provided**

**Download  
Electoral  
Roll**

- **Checklist Verification**
- **Demographical Similar Entry**
- **Logical Errors**
- **Registered Death**
- **Migration Verification**

**Revision**

- **Collecting details of**
  - **Overseas Voters**
  - **New Voter**
  - **Left Over Voter**
  - **Future Voter**
- **Collecting GPS location for**
  - **Family GPS Location**
  - **Rationalization**
  - **Existing Polling Station**
  - **Probable Polling Station**
  - **Auxiliary Polling Station**
  - **Post Office**
  - **Police Station**
  - **Health Care Center**

**Verification**

- Capturing Part Numbers of the adjacent part numbers which will help in Rationalization

Capture  
Adjacent  
Part GPS  
Location

- If BLO is connected to Internet , then he can use the application NVSP, link of which is provided in the App

Online Form  
Filling

- BLO can verify his submitted data by downloading the 12 statements of their BLO Register

BLO Register

# Pre Requisites to install App:

- Smartphone
- Android version 4.0 (Kit Kat) and above
- RAM 1GB
- Storage space minimum 2GB
- Internet connectivity (For few functions in app)

## Things to remember after installing App

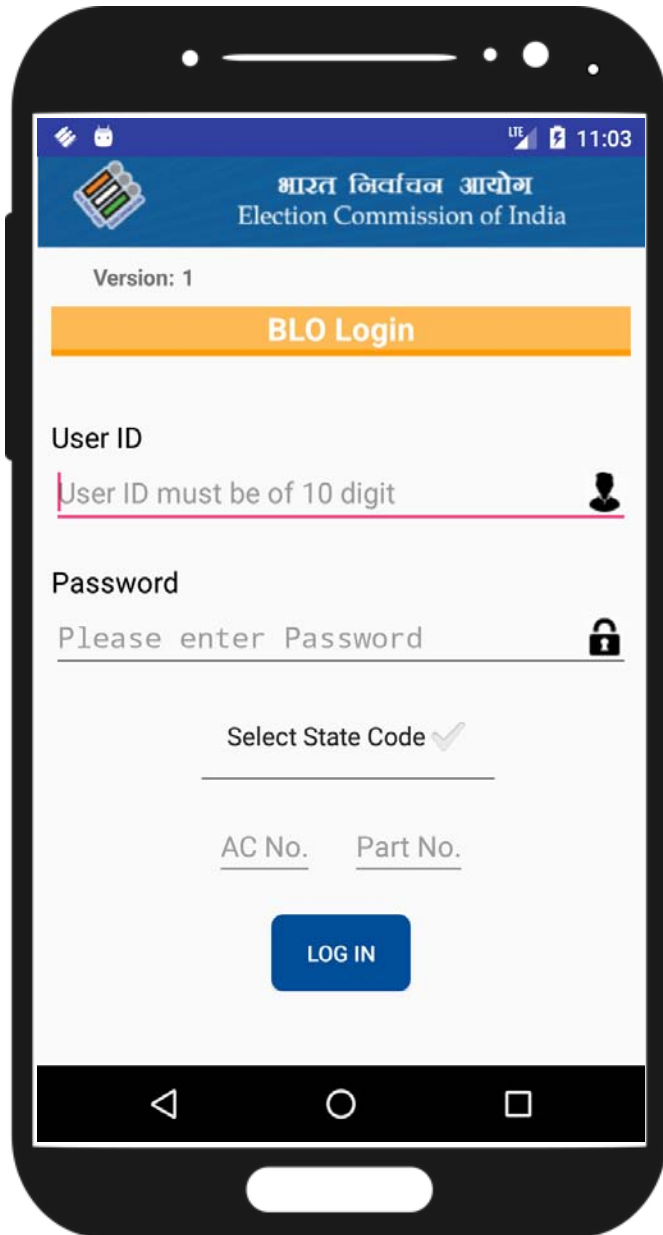

- Allow all permission asked by the App. If you don't allow the permissions, App will not work functionally.
- Download the Elector List at first place before clicking on any other tab. It is a mandatory step.

# Screens View

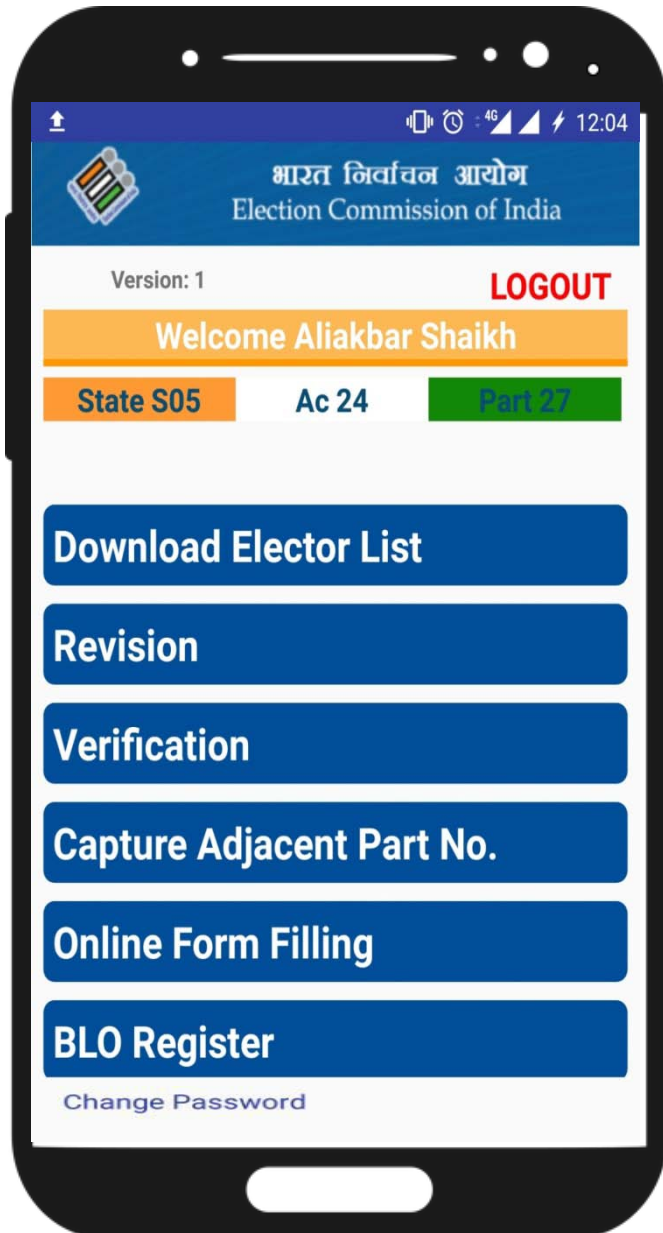

The image shows a hand holding a smartphone displaying the 'BLO Login' screen of the 'भारत निर्वाचन आयोग' (Election Commission of India) app. The screen features the following elements:

- Header:** भारत निर्वाचन आयोग (Election Commission of India) and Version: 1.
- Title:** BLO Login.
- User ID:** A text input field with a user icon. A red underline indicates the requirement: 'User ID must be of 10 digit'.
- Password:** A text input field with a lock icon. A red underline indicates the requirement: 'Please enter Password'.
- Select State Code:** A dropdown menu with a checkmark icon.
- AC No.:** A text input field.
- Part No.:** A text input field.
- LOG IN:** A blue button.

## First/Login Screen

# Home Screen

**1-Download Elector List:** For downloading the list of all elector of his Part. This will need Internet connectivity only once. The data will then be saved in the app.

**2-Revision:** Checklist Verification, Logical Error, Demographical Similar Entry, Registered Death and migration verification can be done here.

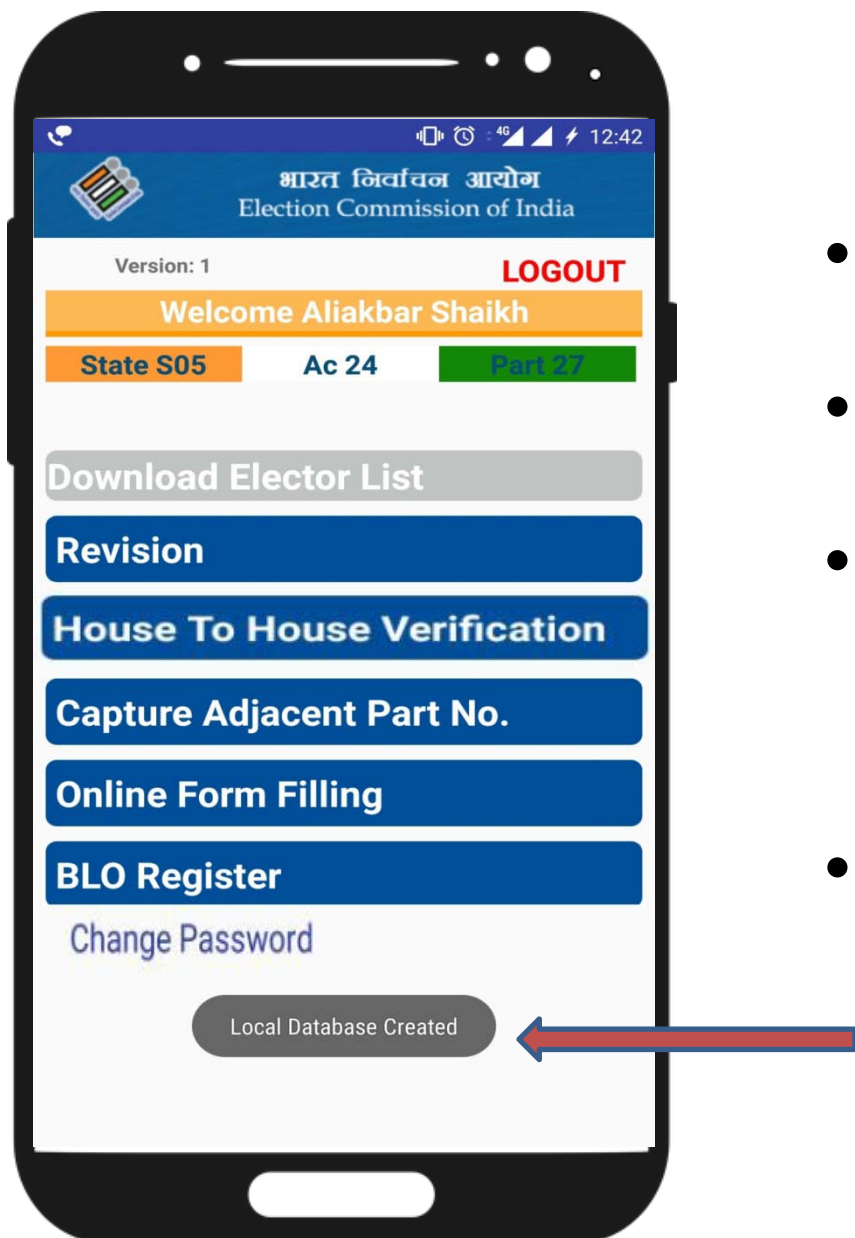

**3-Verification:** It consist Field Visit Functionality.

**4- Capture Adjacent Part No:** Part numbers of all the adjacent part can be captured here as comma separated value.

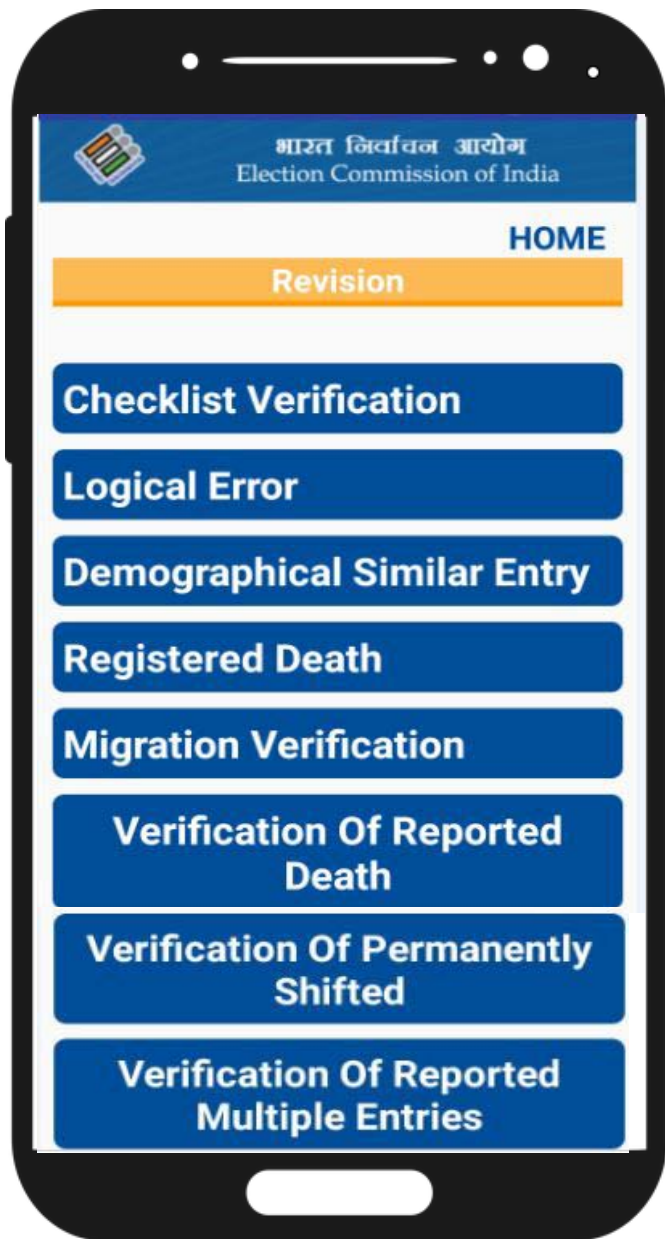

**5- Online Form Filling :** It will land on another App to fill forms 6,6A,7,8,8A .

**6- BLO Register:** BLO can download all statements here.

## Download Elector List

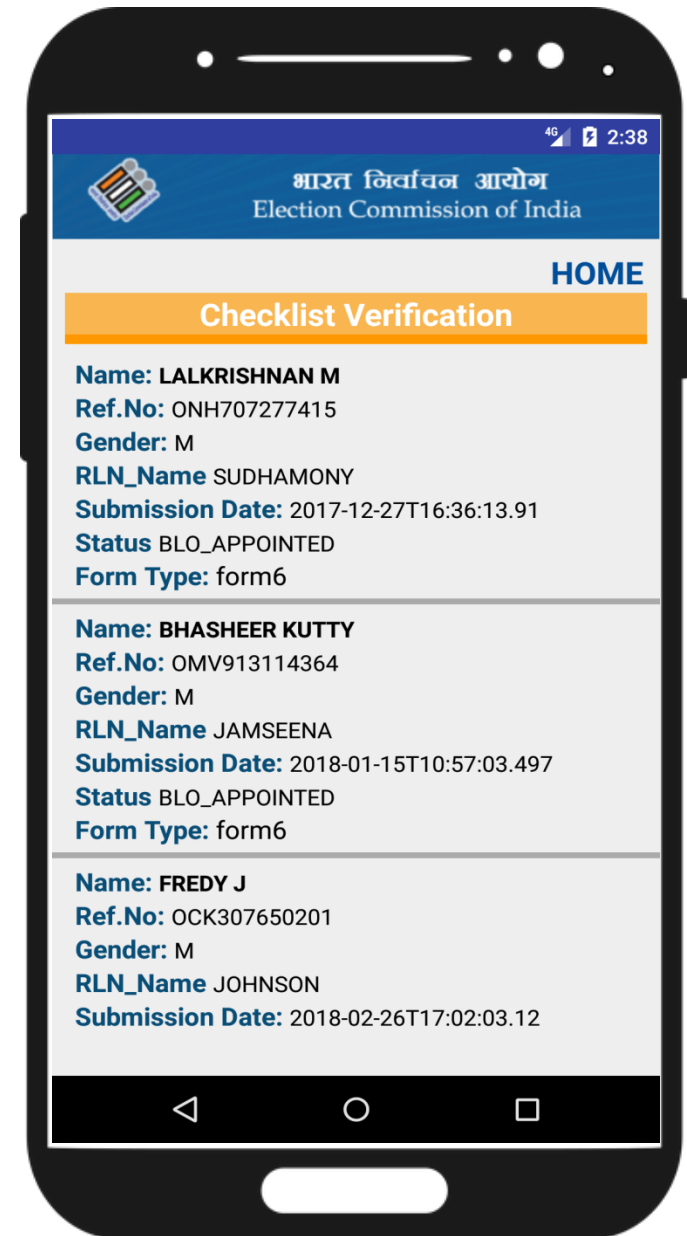

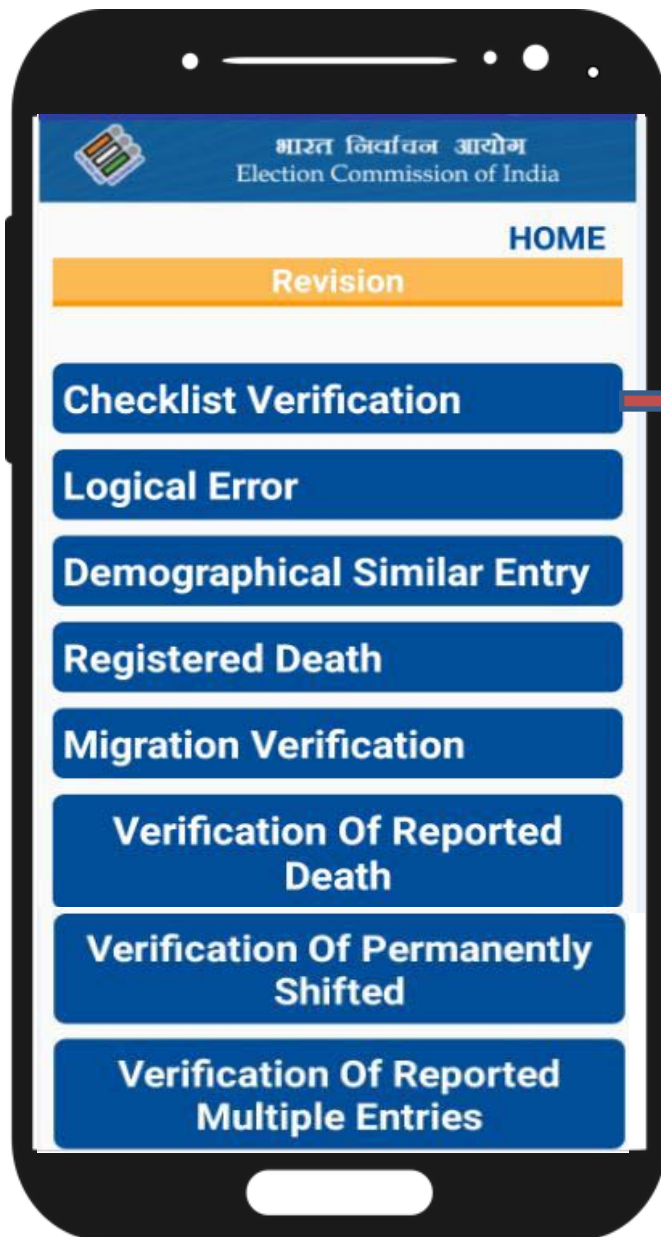

- BLO can download his part's Elector List from this tab.
- This will be downloaded in the phone memory.
- A message will appear in the bottom of the screen after the database is successfully created from this list.
- The tab will be disabled thereafter.

## Revision

By clicking on 'Revision' option on home page, further a menu page will appear with next 5 options. These options are

- **Checklist Verification:** The work which will be assigned by AERO to BLO will be shown here in the form of list.
- **Logical Error:** All the Logical Error available in BLOs part Electoral Roll, will list here.
- **Demographical Similar Entry :** All the DSE of the Voter will list here
- **Registered Death:** All the registered deaths in the part of the BLO will be list here. BLO has to verify them.
- **Migration Verification:** All the reported migration cases will list here. BLO has to verify them.

## A-S-D Status

(Except Assam and Jammu & Kashmir)

## A-S-D Status (D-Voter for Assam)

The image shows a smartphone screen displaying the Election Commission of India (ECI) app. The status bar at the top shows the time as 7:00. The app header is blue with the ECI logo and text in Hindi and English. Below the header is a 'HOME' button. The main section is titled 'Voter Full Detail / A-S-D Status' in an orange bar. The user's details are listed: Name: Mohinish Uzzwal, Epic No: ABCD234567, Serial No: a6/cd/896242, and RLN Name: --. Below this, the user's gender is Male and age is 25. The address is listed as Road Area, Sansad Marg, Pandit Pant Marg Area, Sansad Marg Area, New Delhi, Delhi 110001. There are two checkboxes: 'Divyangjan [Y/N]' and 'PR / NPR [Y/N]', both of which are unchecked. Below these is a 'Voter Status' field with a dropdown arrow. The 'Mobile Number' field is also present with a dropdown arrow. At the bottom, there is a section for 'Important Elector' with a radio button for 'Marked Voter'.

# Overseas Voters

The screenshot shows the mobile app interface for Overseas Voters. At the top, the status bar displays signal strength, LTE, battery level, and the time 9:09. Below this is a blue header with the ECI logo and the text 'भारत निर्वाचन आयोग' and 'Election Commission of India'. A 'HOME' button is visible on the right. The main content area has an orange bar labeled 'Overseas Voter'. Below this is a blue button labeled 'Show Saved Data'. The first question is 'Is any one in the family lives out of India ?' with radio buttons for 'Yes' (selected) and 'No'. Below this are two radio buttons for 'Enrolled Overseas Elector' and 'Unenrolled Overseas Elector'. The next field is 'Passport Number :-' followed by a text input field containing 'Passport Number'. Below this is 'Date Of Birth :-' followed by a text input field containing 'Date of birth (yyyy/mm/dd)'. A red note states '\* Below all fields are non mandatory'. The final field is 'Email Id :-' followed by a text input field containing 'abc@gmail.com'. The bottom of the screen shows the standard Android navigation bar with back, home, and recent apps buttons.

The screenshot shows a mobile application interface for the Election Commission of India. At the top, there is a status bar with the time 12:34 and various icons. Below the status bar is a blue header with the text 'भारत निर्वाचन आयोग' and 'Election Commission of India'. The main title 'HOME' is displayed in blue. The section 'Auxiliary Polling Station' is highlighted in orange. A blue button labeled 'Show Saved Data' is present. Below this is a placeholder image for a photo of a hand putting a ballot into a box, with the text 'Upload Photo' in red. The form includes several text input fields: 'Flat / House No./ Floor / Building', 'Colony / Street / Locality', 'City , State', and 'Pincode'. There are also two dropdown menus: 'Select Building Type' and 'Priority Choice', both with checkmark icons. A blue button labeled 'Capture Polling Station GPS Location' is located below the dropdowns. At the bottom, there is a checkbox labeled 'Submit AMF survey' and a blue button labeled 'SUBMIT'.

# Post Office /Police Station/ Health Care Center GPS Location

The screenshot shows a mobile application interface for the Election Commission of India. At the top, there is a status bar with icons for signal, battery, and time (11:52). Below this is a header with the Election Commission of India logo and name in Hindi and English. The main screen is titled 'HOME' and features a 'Health Care Centre' section. This section includes a 'Show Saved Data' button, an icon of a hand putting a ballot into a box, and a form titled 'Mention Health Care Centre address'. The form has five input fields: 'Flat / House No./ Floor / Building', 'Colony / Street / Locality', 'City , State', 'Pincode', and 'Health Care Contact Number'. At the bottom of the form is a 'Capture Health Care Centre GPS Location' button. A 'SUBMIT' button is located at the very bottom right of the screen.
